Rome 2022

28th September 2022

Rome Cavalieri, Via Alberto Cadlolo 101
00136 Rome

A one day conference & exhibition organised by
the European Fire Sprinkler Network,
in collaboration with SFPE Italy

EUROPEAN FIRE
SPRINKLER NETWORK

SFPE
Italy

Fire Sprinkler Europe 2022 will be an energised and dynamic event, providing one of the first opportunities in many months for the international sprinkler industry to come together and update their knowledge and renew contacts.

The day long programme will be presented in Italian and English and incorporate latest commentary on standards, research, technology and best practice delivered by experts in their chosen fields.

Exhibition

Exhibiting at a focused event like the FSE 2022 will be one of the most cost-effective ways of influencing the fire sprinkler industry in Italy and throughout Europe in 2022. The exhibition will be located on the ninth floor of the Rome Cavalieri with spectacular views of the entire city. All refreshments will be served within and around the exhibition space – COVID 19 regulations permitting.

We expect more than 100 decision makers and people of influence to attend and your organisation's presence at FSE 2022 will give you a powerful platform for meeting new customers and reaching out to your traditional clientele. Existing customers will enjoy discussing their present and future requirements whilst new prospects will be keen to learn about your unique ranges of technology and services.

FSE 2022 will also enable your organisation to share its knowledge and expertise and gain new insights from the international, professional audience. Our exhibitors will play a vital role in the success of this event and will form an integral part of the day:
